## Matt Gaetz

Florida House of Representatives

Matt Gaetz is a Republican member of the Florida House of Representatives, representing the 4th District, which includes most of Okaloosa County, since 2010.

Matt is the son of Vicky and Don Gaetz, who is a member of the Florida Senate since 2006. Matt grew up in Okaloosa County and graduated from Niceville High School where he won the Florida state debate championship. Matt went on to Florida State University and earned his law degree from the College of William and Mary.

Matt was elected to the State House in 2010 and has been re-elected twice without opposition. In the legislature, Matt has focused on regulatory reform and public safety. He has authored and passed legislation repealing thousands of regulations, and has blocked the imposition of regulations that increase costs for small businesses.

As the chairman of the Criminal Justice committee, Matt is working to protect Florida's position as a great place for gun owners and a bad place for criminals.

In addition to serving as the State Representative for District 4, Gaetz is an attorney with the Keefe, Anchors and Gordon law firm in Fort Walton Beach where he practices business and open government law. Matt announced that he would run for the Florida Senate in the 1st District, currently held by his father, State Senator Don Gaetz, in 2016, when his father is term-limited.

Matt is a member of the First Baptist Church in Fort Walton Beach.

# Illness leads former Navy vet to form first Facebook-based club

By Arnold R. Grahl  
Rotary News

When a life-threatening illness stripped away many of her professional ambitions, Amanda Wirtz, a former U.S. Navy code breaker and professional violinist, turned to humanitarian service and Facebook to give her life new purpose.

Wirtz was in her 20s and pursuing a career as a fitness trainer when a sharp pain in her abdomen sent her to the emergency room. Expecting something manageable like appendicitis, she instead found herself

facing a rare tumor disorder that required her to undergo 30 surgeries over the next several years. Forced to rethink her life plans, Wirtz began focusing on how to help others, a quest that led her to Rotary.

"I met an older man with a Rotary pin," Wirtz recalls, "and I said, 'I love Rotary.' Ten years earlier as a Rotary Youth Exchange student, Rotary had helped build a hope and a future for me. Now, I found that through Rotary I could build hope and a future for others. And doing that, I found that I actually received it myself."

Wirtz launched the world's first Facebook-based Rotary Club last year, United Services Rotary, after being approached by Rotary leaders who were seeking ways to make membership more convenient for U.S. military personnel. Their need to travel and relocate frequently can make it difficult for members of the military to commit to the weekly attendance that most Rotary clubs require. The leaders came to Wirtz because of her passion for service and her military background. The club differs from a traditional Rotary club in that members log in to Facebook at any time during the week to view a high-definition video that reproduces many of the elements of a typical meeting: The Four-Way Test, sharing of Rotary moments, announcements, and a presentation by a main speaker. If there hasn't been time to record an original program, the weekly presentation may be a TED talk or other video on a Rotary-related topic that's available online. Members keep in touch through Facebook updates and by posting on each other's timelines.

Wirtz admits that meeting online comes with some drawbacks.

"There is nothing like being in the same room with another person. I don't think anything can replace one-on-one interaction," she concedes. "So it's, 'How can I get a sense of you truly to have the feeling of real fellowship in a remote location?' And honestly, that's something we are continuing to work on."

But she feels social media is too big a phenomenon for Rotary not to embrace it.

"I see a lot of missed opportunities, and my pain reminds me that time is short," Wirtz says. "Social media is a powerful tool."

## TODAY IN HISTORY

**On this day in 1863**, the C.S.S. Hunley, the world's first successful combat submarine, sinks during a test run, killing its inventor and seven crew-members. Horace Lawson Hunley developed the 40-foot submarine from a cylinder boiler. It was operated by a crew of eight—one person steered while the other seven turned a crank that drove the ship's propeller.

## ROTARY'S FOUR-WAY TEST

Is it the TRUTH?  
Is it FAIR to all concerned?  
Will it build GOODWILL and better FRIENDSHIP?  
Will it be BENEFICIAL to all concerned?
