Lt. Col. Enrique Gwin Air Force Strategic Planning Division

Lieutenant Colonel Enrique J. Gwin is Deputy Chief of the Strategic Planning Division for Headquarters Air Force Special Operations Command. Colonel Gwin was commissioned through the AFROTC at the University of Alabama in May 1992 and eventually earned his Master of Science in Engineering also from the University of Alabama. Over 22 years of service he has served as an Aircraft Commander, Instructor Pilot and as a staff officer at both the major command and headquarters Air Force levels. During this time, he participated in Operations Southern Watch, Uphold Democracy, Enduring Freedom, and Iraqi Freedom, logging combat hours in the MC-130P Combat Shadow over three deployments to combat zones.

In between operational assignments Colonel Gwin served in the training arena, serving one tour as an instructor in Undergraduate Pilot Training at Columbus AFB, Mississippi and as a squadron commander in Basic Military Training at Lackland AFB, Texas.

Rotary Foundation rises on expert list of top nonprofits

By Arnold R. Grahl
Rotary News

The Rotary Foundation has continued its steady growth, moving up 35 spots to 85th in The Chronicle of Philanthropy’s annual ranking of the top 400 nonprofit organizations in the United States. The ranking is based on monetary contributions from private sources and reflects the increasing generosity of those who support Rotary’s mission.

According to The Chronicle of Philanthropy, The Rotary Foundation received \$239,576,000 in 2013, a 32.4 percent increase from the previous year.

“This clearly shows our members recognize the unparalleled value of giving to their Foundation,” says John Hewko, Rotary’s general secretary. “They know that by giving to the Foundation their dollars have a much greater impact. And friends of Rotary respect that the Foundation puts their gift to great use.”

The Foundation recently earned a 4-star rating from Charity Navigator, the largest and most prestigious independent evaluator of nonprofits in the United States. In the 2013-14 Rotary year, 92 percent of the Foundation’s expenditures were applied to programs, with only 6 percent spent on fundraising and 2 percent on administrative expenses. The Foundation funded \$23.5 million in district grants and \$47.3 million in global grants. These grants support local and international humanitarian projects as well as scholarships.

Together with its partners in the Global Polio Eradication Initiative, Rotary has led the effort to eradicate polio, contributing more than \$1.3 billion to the initiative since its outset. When an outbreak of polio threatened the Horn of Africa and the Middle East in 2013, Rotary provided emergency funds, including a \$500,000 rapid-response grant for Somalia and a \$500,000 grant to the World Health Organization (WHO) to cover operational costs in the Middle East. As a result, the outbreak in the Horn of Africa slowed, and Syria reported only one case of polio in the first half of 2014.

Rotary is also at the forefront of efforts to fight other diseases. According to WHO, indoor air pollution causes 4.3 million deaths per year worldwide. To combat it, members of the Rotary Club of Taos-Milagro, New Mexico, USA, mobilized Rotary clubs in several countries to support the Himalayan Stove Project, which has installed more than 3,000 clean-burning stoves in Nepal.

In Tamil Nadu, India, Rotary clubs partnered with clubs in Maryland, USA, to use a Foundation global grant to purchase a large van and outfit it with X-ray equipment to screen women for breast cancer in hard-to-reach communities. The “mammobus” has conducted more than 2,500 free breast cancer screenings and detected and treated early-stage cancer in six women. Rotary members in Malindi, Kenya, teamed up with members in Maryland and Idaho, USA, to work with the Genesis World Mission in creating a rainwater catchment system to provide clean drinking water, irrigate crops, and establish fish farms in Burangi, Kenya.

TODAY IN HISTORY

On this day in 1789, America’s first presidential election is held. Voters cast ballots to choose state electors; only white men who owned property were allowed to vote. As expected, George Washington won the election and was sworn into office on April 30, 1789.

On this day in 1959, just six days after the fall of the Fulgencio Batista dictatorship in Cuba, U.S. officials recognize the new provisional government of the island nation. Despite fears that Fidel Castro, whose rebel army helped to overthrow Batista, might have communist leanings, the U.S. government believed that it could work with the new regime and protect American interests in Cuba.

On this day in 1999, the United States Senate begins its impeachment trial of President Bill Clinton, the first president to be impeached by the House of Representatives since Andrew Johnson in 1868. After a five-week trial, Clinton was acquitted.

TODAY IN LOCAL HISTORY

On this day in 1984, seven oil companies had bid \$51.5 million for the right to drill for natural gas in parts of the Gulf of Mexico 25-40 miles south of Okaloosa and Walton counties.

ROTARIANS WITH BIRTHDAYS AND ANNIVERSARIES

Whitney Smith, birthday, Jan. 4

Jeffrey Bost, birthday, Jan. 6

Sallie Hardie, birthday, Jan. 8

ROTARY’S FOUR-WAY TEST

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIP?
- Will it be BENEFICIAL to all concerned?
