Today's Guest Speaker: Mary Lou Reed

Mary Lou Reed has worked in education, employment, and training for 25 years beginning her career as a teacher in vocational education and currently serving as the Executive Director of the Workforce Development Board of Okaloosa and Walton Counties.

Mary Lou's appreciation for the value of the combination of education and employment came from her work/study experiences at Berea College, Berea, Kentucky where she received her degree in Business Administration. She received her Masters in Public

Administration from the University of West Florida. She currently serves on the Okaloosa Public Schools Foundation Board.

The Workforce Development Board of Okaloosa and Walton Counties recently was honored by Workforce Florida, Inc. as one of the Top Performing Regions in Florida.

November is Vocational Service Month

November was selected as Vocational Service Month for our Club; and a Committee, led by Vocational Chair Tim McDonald, was formed to outline the program. Committee members also included Nitsi Bennett, David Miller, Eddie Phillips, Tony Gilligan and Roger Peadro.

The first three weeks in November will consist of speakers presenting vocational related topics and the 4th week will be dedi-

cated to an award presentation. Awards will be presented to those members of the public which the Committee feels have demonstrated vocational excellence in our community while practicing high ethical standards at all times.

WHAT PAUL HARRIS SAID...

"Vocational training has accomplished much in the direction of enabling young men to find the work for which they are best adapted. The entire outlook upon life can frequently be changed for the better by shifting an employee from work he does not like to work that he enjoys. Progressive employers now recognize this fact and make the most of it."

ROTARY FOUR WAY TEST

- 1) Is it the truth?
- 2) Is it fair to all concerned?
- 3) Will it build goodwill and better friendships?
- 4) Will it be beneficial to all concerned?

Do You Know....*that November is Vocational Service Month?*

Vocational Service is the second Avenue of Service. No aspect of Rotary is more closely related to each member than a personal commitment to represent one's vocation or occupation to fellow Rotarians, and to exemplify the characteristics of high ethical standards and the dignity of work. Programs of vocational service are those that seek to improve business relations while improving the quality of trades, industry, commerce, and the professions. Rotarians understand that each person makes a valuable contribution to a better society through daily activities in a business or profession.

Vocational Service is frequently demonstrated by offering young people career guidance, occupational information, and assistance in making vocational choices.

Many recognize the dignity of employment by honoring exemplary service of individuals working in their communities. The 4-Way Test and other ethical and laudable business philosophies are often promoted among young people entering the world of work. Vocational talks and discussion of business issues are also typical Vocational Service programs at most clubs.

Regardless of the ways in which Vocational Service is expressed, it is the banner by which Rotarians "recognize the worthiness of all useful occupations" and demonstrate a commitment to "high ethical standards" in all businesses and professions? That's why the second Avenue of Service is fundamental to every Rotary club.

THIS DAY IN HISTORY.....

- 1993 – Christie Todd Whitman (R) elected 1st woman governor of NJ and Rudolph Guliani (R) elected 107th mayor of New York City
- 1989 – "Meet Me in St. Louis" opens at Gershwin Theater New York City for 253 performances
- 1947 – Howard Hughes' "Spruce Goose" flies for 1st (& last)
